

Based on international advanced design concept, upgrade the structure, adapt to the needs of various users.

Adopt international advanced production facilities—laser cutting machines, automatic welding robots, CNC facilities etc, to achieve top standard tooling operations. Combine chemical treatment process and electrostatic spraying process, ensure perfect appearance.

Main tube thickness: 3mm, combine oval tube thickness: 50*100mm

Provide space efficient storage for up to 7pcs of weight plates.

The design allows for quick, easy and comfortable access to fixed head bars.

Save space and keep your gym in a good order.

Specifications

DIM: (L) 780*(W) 780*(H) 1100mm

N. W. : 29K
